I'm an English Teacher from Arizona, USA living in Vietnam.
I've spent 2020 learning about web development and ready to keep learning and work with an amazing team to become better!

EXPERIENCE

SGA international school, HCMC — ESL Teacher

May 2019 - PRESENT

My duties as an ESL Teacher is as following:

- Preparing detailed lessons that can be reused.
- Working with other teachers planning syllabuses and curriculum.
- Making reports for parents to record their child's progress.
- Making interactive activities that engages students and creating a learning environment

SKILLS

HTML

CSS/SASS

Javascript

EDUCATION

AVSE TEFL, — Certification

October 2018 - December 2018

- Learning how to teach English and creating a learning environment through actual teaching practice.
- Working in groups creating content for English classes and syllabuses.

THEODINPROJECT

January 2020- October 2021

Learning web development through projects.
Learning how to search for a solution when there are roadblocks.

PROJECTS

Weather app — HTML,CSS,JS

Using an API to display the weather in your area.
I learned how to fetch an API and plug in data.

Food app — HTML,CSS,JS

- Being about to search meals by plugging in the ingredients
- Using an API to display Meals with ingredients and instructions on how to make it.
- I learned how to fetch an API, create a modal, display information
